DONOR SPOTLIGHT: BETSY & WALLY TURNER

Jill and Avie Glazer extend their deepest gratitude to Betsy and Wally Turner, whose unwavering commitment to the arts and dedication to enriching young lives embody the very spirit of GLAZER HALL. In recognition of their generosity, the Grand Lobby Lounge will be dedicated in their honor as *The Betsy and Wally Turner Playhouse Lounge*.

"We are incredibly proud to support the preservation, restoration and rebirth of the Royal Poinciana Playhouse after standing dark for so many years," said Wally. Betsy added, "We were also particularly attracted to the GLAZER HALL Arts in Education program that will allow thousands of students to experience a complimentary performance and lunch. We believe the performing arts are an essential element in a child's development and growth. These field trips will be a memorable and perhaps a transformative experience in their lives."

Betsy and Wally Turner are steadfast pillars of the Palm Beach philanthropic community. They are focused on generously supporting causes ranging from children's services, animal rescue and zoos, hospice care, worldwide landmarks preservation, American history education scholarships and the performing arts.

"In naming The Betsy and Wally Turner Playhouse Lounge, the Turner's sought to pay homage to architect John Volk's landmark, the Royal Poinciana Playhouse and its wonderful community purpose. The Lobby Lounge, adjacent to the waterfront cocktail bar, is a perfect reflection of that spirit. I truly enjoyed collaborating with them on this extraordinarily meaningful project," exclaimed Jill Glazer.
