DONOR SPOTLIGHT: PETER AND LENI MAY

Peter and Leni May's enduring support and leadership exemplify the spirit of GLAZER HALL. We thank them for their naming of the Artist Alcove, which will be home to our Steinway piano located in our lobby. As prominent philanthropists, the Mays have supported a variety of causes from health care to education, the arts, and more.

"We are so honored to have the Mays' name on the walls of Glazer Hall," said Executive Director Allison Stockel. "When we first met them, you could see that this was no ordinary couple. They are so warm and sharing. The first thing Leni shared with me was how she's known her husband since she was 15 years old. Very few relationships can say they started at that age. It goes to show how special they both are. We also appreciate their love for art and architecture. In fact, their Palm Beach home won a Schuler Award in 2018!"

As a couple, they have championed philanthropy their whole lives, including advancing medical education at the Icahn School of Medicine at Mount Sinai. *The Leni and Peter W. May Department of Medical Education* was named in their honor. Peter also serves as co-chairman of the New York Philharmonic and was instrumental in the renovation of its home, David Geffen Hall.

"We are so excited about the opening of Glazer Hall and are thrilled to be supporters. We know it will become a major part of the artistic life of Palm Beach." – Peter May

Peter and Leni embody a spirit of cultural enrichment and generosity that elevates our community, and we are profoundly grateful for their dedication to GLAZER HALL!
