DONOR SPOTLIGHT: CHRISTIAN AND ANN-BRITT ANGLE

Christian and Ann-Britt Angle are more than just owners of one of the most successful boutique real estate agencies on the Island, they are also involved with and support numerous charitable organizations in the community. Their generosity continues with GLAZER HALL; not only are the Angle's one of the venue's earliest benefactors, but their generous donation through naming our Family Lounges in the lobby is helping our nonprofit create a welcoming space that reflects Palm Beach's tradition of elegance and hospitality.

"Christian and Ann-Britt were two of our earliest theatre supporters. Having never been able to experience and enjoy the theater in Palm Beach while raising their children here, they knew what a profound impact it will have on future generations and didn't hesitate to get involved. Jill and I are extremely honored and grateful for their generous and unwavering support and friendship." - Avie Glazer

For more than two decades, Christian Angle has been a leader in South Florida real estate, known for his sharp market insight and a results-driven, relationship-focused approach. Since launching Christian Angle Real Estate in 2006, he and his team have set a high standard on the Island and beyond; rebuilding, reimagining, and matching extraordinary homes with the people who bring them to life.

The Angles' appreciation for Palm Beach's heritage and their commitment to its future align beautifully with GLAZER HALL's purpose: preserving a landmark while transforming it into a thriving destination for the performing arts.

"We are so proud to be a part of Glazer Hall. The arts are a cornerstone of a vibrant community. It was an easy choice to want to support what is sure to be an anchor in our special town. Thank you to Jill and Avie for spearheading this tremendous effort.

Christian and Ann-Britt make this community stronger not only through their work, but through their generosity, and active involvement in local organizations - including their belief in what GLAZER HALL will bring to audiences of all ages.
